

Bawden's Bakery Being Renovated To Continue An Appreciated Service at Macleod

The Macleod Bakery is one of the Town's oldest and most enterprising business concerns.

Unfortunately for some time past, the proprietor has been up against a very hard proposition, as for some unaccountable reason the bread made by the Bakery, which for over ten years was the sweetest and best bread in the country, suddenly contracted a rather unpleasant sour taste, that naturally was objectionable to the users of the Staff of Life.

A. W. Bawden the proprietor did everything in his power to remove the

fault, he had samples of his bread sent all over the country to be tested and the samples were returned as O. K. pure. Still the slight disagreeable taste remained. After a great deal of trouble Mr. Bawden discovered that the cause of the complaint was from a purchase of flour he had made some time ago.

Since this discovery the flour has been removed, and the bake office is now undergoing a complete overhaul the ovens, machinery and other equipment are being thoroughly disinfected and cleaned. New mixing troughs, tables and boards are being installed, and it is safe to say that when the Macleod Bakery has this completed Bawden's Bread will again take the rank of the "Best in the Country" which rank it has held so successfully for so many years.

We feel sure that the large patronage that the Macleod Bakery has always enjoyed in Macleod will be continued, and customers will show their appreciation for a firm that has done its utmost to remove a jinx that came upon them through absolutely no fault of their own.

MEMBERS DAUGHTERS HAVE SNAP

Ottawa, Feb. 12.—The news that economy and reduction of estimates is now the watchword at Ottawa, does not yet appear to have reached all parts of the Dominion, or if it has, is being ignored. For some years past there has been a growing practice among members of parliament of supplementing the indemnity and other items of the family income by

bringing to Ottawa daughters of members of house and having them placed on the staff of stenographers during the session, at \$5.00 a day. This year the head of the members' stenographic staff is being flooded with requests from members of parliament who want their daughters thus placed. The complaint is that girls so employed are requisitioned by their parents and are practically their own masters, and the result is destructive of discipline among the regular staff, who do not enjoy like privileges.

It is understood that the speaker of the house will take cognizance of the practice and put a stop to it.

GRANUM MEDICO HELD AT COAST

Dr. Hardin, Alleged Dealer in Dope, Will Be Brought Back to Stand Trial

Lethbridge, Dr. Hardin, who got away from the R.C.M.P. at Granum while held under arrest for alleged dealing in dope, has been re-arrested at Vancouver. He will be brought to Calgary to stand trial. The doctor, on the pretext that he was not well, asked if he might go to bed in the hotel at Granum until the 11 o'clock train was in on Wednesday night last, on which he was to be taken to Calgary. This was granted, and when the police went later into his room he was missing, having made his exit from the back of the premises in a taxicab belonging to one Jorgensen. He was at first thought to have got across the line.

Board of Trade Efforts Rewarded—Also Will Be Vendor At Macleod

H. C. Winter secretary of the Board of Trade has received word this morning from our member Mr. W. H. Shield M.L.A. from Edmonton, that Mr. Stringham and himself interviewed the Hon. Alex. Ross, Minister of Public Works regarding the Macleod Waterton Parks trail and that they expected to be successful to obtain a contribution of one-third of cost of upkeep from the Highways grant in addition to the one-third already contributed to the Municipality from the Municipal roads grant. With regard to the Crows Nest Trail the Government has

promised, that this important trail will be one of the first to receive the attention under the new road programme.

The Secretary is also in receipt of advice from Mr. Shield, that the rumor in circulation that no Vendors Store will be established in Macleod is entirely without foundation and that the Hon. Brownlee has promised him that not only was this not to be the case, but that Macleod would be one of the first to be dealt with, as one of the most important points in the Province owing to its railway and highway connection.

Marion Davies Central Figure in Pageantry of "When Knighthood Was in Flower"

Those who like musical comedies or circuses will especially enjoy the tournament scene in the big Cosmopolitan production "When Knighthood Was in Flower," a Paramount picture starring Marion Davies which opens at the Empress Theatre next Monday for a two days' run. Tiers of fancifully decorated boxes fluttering with flags and pennants and draped with garlands of roses; beautifully groomed women; court attendants; knights in armor and court jesters make of this brilliant scene one of the most sparkling events imaginable. The glitter and the splendor of it all remind one alternately of a circus or musical comedy.

In the central box sit King Henry VIII and Queen Catherine while Princess Mary Tudor leans over the railing, enraptured at the vision of the gallant Charles Brandon, clad in armor, as he stops his coal black horse directly in front of the royal party and bows low. Miss Davies plays the part of Princess Mary and her charm was never set off to greater advantage than in the regal jeweled robes of the princess who was willing to forsake a throne for love.

Robert G. Vignola directed the impressive production. Lyn Harding plays King Henry VIII. He is one of England's foremost actors and he has played the part over two hundred times on the legitimate stage. Therest Conover Maxwell is cast as the villain. "When Knighthood Was in Flower" is one of the most elaborate screen productions ever made in this country. Three studios were used in the filming and the costumes cost a small fortune.

He (pleadingly)—But couldn't you learn to love me, Stella? She—I don't think I could, Frank. He (standing up)—It is as I feared—you are too old to learn.

STAGE HIT OF DECADE IS FILMED

"Human Hearts" Comes to Empress Next Wednesday and Thursday

"Beneath the spreading chestnut tree The village smithy stands, The smith a mighty man is he, With large and sinewy hands— Longfellow thus immortalized the man of the anvil in verses that will ring in school recitations as long as there are schools and graduating exercises. A decade or so ago Hal Reid, playwright and publicist, made a stage hero of the village blacksmith by writing a stirring drama around just such a man. That play was "Human Hearts," which achieved immediate popularity and was one of the best known melodramas of its time, outclassing even "Way Down East," "East Lynne," and other such favorites.

Now Universal has made a screen hero of the blacksmith in a feature adaptation of Hal Reid's play. House Peters, one of the most rugged characters of the screen, was selected to play the leading role. Advance reports indicate he has made the smith a mighty man indeed. The story concerns the wholesome romance and the dramatic climax in the life of a Tom Logan, small town blacksmith. It is said to be filled with thrills, heart interest and gripping suspense.

"Human Hearts" is scheduled to be shown at the Empress Theatre next Wed.-Thurs. King Baggot, director of the picture, has played the role of Tom Logan in stock many times, and has always declared the play his favorite; hence, when he was chosen to take charge of the production, he used the greatest care in the selection of the cast. Among the favorites playing important roles are Russell Simpson, Gertrude Claire, George Hackathorne, George W. West, Lucretia Harris, Ramsay Wallace, Mary Philbin, H. S. Kerr and Snitz Edwards.

Snitz Edwards will be recalled by many of the older generation as one of the funniest comedians on the stage. His antics always kept a theatre in an uproar, and he keeps up his record in this production.

RAWLINSON TO BE SEEN SOON IN NEW SUCCESS

Jimmy Dorgan was a rollicking youth and it was his heritage to travel easily down the trail strewn with dollars. On the spendthrift trail he was the leader of his crowd and he set a fast pace.

"Fools and Riches," the Universal attraction which comes to the Empress Theatre Friday and Saturday, was especially written for Herbert Rawlinson, the debonair Universal star, and that popular romantic hero of the screen is said never to have had a better vehicle for his versatile ability.

As Jimmy Dorgan, the son of John Dorgan, railroad president, Rawlinson has the role of a wastrel who spends money with absolute abandon and gives parties that establish

precedents for gaiety. The role is well suited to the personality of the gifted Universal star. He portrays the role of the spendthrift youth with a jaunty grace that is as refreshing as a spring breeze and simply radiates "a grand party."

It is the type of story that carries an appeal of particular interest to all motion picture fans who like their entertainment flavored with realism. "Fools and Riches" is like a chapter of life, and a happy chapter at that. The story was written by Frederick Jackson and adapted to the screen by Charles Kenyon and George C. Hull.

Cosmopolitan's big production "When Knighthood Was in Flower," starring Marion Davies, at the Empress Theatre next Monday and Tuesday is said by its producers to be the most expensive motion picture ever made, having cost more than a million dollars. Joseph Urban designed the settings in which rare art treasures gleaned from both Europe and America are used.

"The recently discovered Patagonian skull of untold age has turned to stone and is perfectly solid." "Then men haven't changed so much after all."

Board of Trade Membership Drive Is Meeting With Excellent Success

The reports from the membership drive Committee of the Macleod and District Board of Trade are very encouraging, and so far the canvassers have been able to secure all prospective business men. Last year the membership was 88 and this year it is the aim of the Board of Trade to have 200 members on the roll from Town and Country.

To reach this objective everyone who has the interests of Macleod and District at heart should become a member, and if a canvasser happens

to overlook you, secure a membership card from one of the Committee or from A. Young the treasurer. The Country Committee who are now working hard to secure members are E. L. Hockett, P. H. Tolby, Hugh Mackintosh, J. Horner and A. V. Harris.

The membership fee this year is \$2.00 for Town members and 1.00 for Country members. Be a Booster for Macleod and District get your membership enrolled for the Board of Trade.

GOVERNMENT CRITICISED

Edmonton, Feb. 7.—Following upon a series of speeches which had little more to commend them than that they served to delay the progress of the program of the house, W. M. Davidson, independent member for Calgary, relieved the monotony of the days on Thursday afternoon when he contributed what many consider to have been the best effort of the whole debate on the speech from the throne. It was an immense relief from the humdrum monotony into which the debate had fallen.

In his speech Mr. Davidson praised and criticized by turns. He had criticism which carried a sting in it, especially when referring to the Clearwater scandal.

Warning of General Coal Strike

Edmonton, Feb. 11.—Threats by P. M. Christophers, Labor, Rocky Mountain, of a general coal strike if operators, mine owners or governments threaten to break the connection between Canadian and American miners' union, was one feature of the speech made by the labor member in the legislature Monday afternoon. Another was in his declaration, supported by detailed statistics, that there is no hope of getting Alberta coal on the Ontario market under present conditions and that cutting miners' wages will not help one iota.

The other speakers of the afternoon in the debate on the speech from the throne, were Joseph Dechene, the fiery French-Canadian Liberal member from Beaver River, who slashed the government right and left on pretty nearly everything from road work to telephone poles, and D. H. Galbraith, Farmer, of Nanton, who took a poke at the Liberal government at Ottawa. A. R. McLennan, Liberal, Edmonton, adjourned the debate.

Farmers Play Politics

Among other things, Mr. Dechene accused the Alberta Farmer government of employing the same political tactics of which it had accused the old Liberal government. He asserted that the government had appointed a political worker as returning officer for the plebiscite in Beaver River constituency despite his personal protest to the premier that this man, who was to be a candidate against him, had been making promises of government work right and left in the constituency.

This charge drew fire from Premier Greenfield. "As far as this government is concerned," asserted Mr. Greenfield, "no man in Beaver River constituency has ever been empowered to make any statement for the government of any kind regarding any construction work there. We don't do business that way."

Mr. Dechene said he accepted Mr. Greenfield's statement, but wanted to know why it was that the government had named this man returning officer, in spite of his personal protest to the premier "concerning the character of the man." The premier ignored this twice.

Denies Report as to Liberal Leader Feb. 11.—Liberal opposition members held a caucus Monday morning, attitude on government legislation, was the official communiqué given out. Unofficial rumors are in circulation that one faction is proposing to offer the leadership to W. M. Davidson, Independent, Calgary, if he will return to the fold. The report, however, is emphatically denied by the Liberal members and leaders.

Premier Greenfield again told newspapermen Monday that as soon as the debate on the speech from the throne is concluded the government will bring on the liquor control bill and present no other legislation until work on that measure is finished.

PRINCE MAY NEVER BE KING**A Woman Laborite's Opinion**

London, Feb. 11.—Doubt as to whether the Prince of Wales would ever ascend throne was expressed by Miss Minnie Pallister, election agent for the Liberal candidate, in Aberavon, in the recent general election, in a speech at Bradford yesterday.

Miss Pallister said the doubt in the matter of the prince succeeding his father as king was not due to any objection on the part of the country to the personality either of King George or the Prince, but it was due to the "country growing up and seeing the old institutions sloughing off." She expressed the view that the sloughing off process might carry with it the monarchy of Great Britain at no distant date.

A TRIBUTE

The following verses were handed to the editor with the request that they be put in following the obituary of the late Mrs. E. Marlow, but owing to lack of space in that issue they had to be omitted:

Not the five talents here, Hers not a world wide fame, Riches nor rank, had she, Unknown, her name.

Only a loving heart— Only a willing ear, Hearing a tale of woe, Only a tear.

Only a patient hope, Waiving, enduring long, Knowing the heart, how weak, Satan, how strong.

Only a sunny smile, Putting her work away, Joining the merry throng, Gay with the gay.

Only a beaming eye, Only a fond embrace, Joy for their happiness, Lighting her pace.

Only a thoughtful care, Heedless of selfish ease, Planning unselfishly, Others to please.

Only a tender love, Still the restless moon, Soothing the sufferer, Cheering the lone.

Only a woman's heart, Ofttimes hardly prest, Weary and sorrowful, Longing for rest.

Only a woman's heart, Yet, she forgot her care, Finding on every side, Burdens to bear.

Only a woman's work— Count it not small or slight While in a world of woe, She shed her light.

Humbly she walked with God, Listening to catted his voice, And twas His own work for her, Not her own choice.

And, when that work was done, Life's quiet evening came, What then awaited her? Only a tomb—

Nay! but a mansion fair, Near to the Great White Throne, The dear Master's Word, Saying, "Well Done!"

SUMMER GAMES PLAYED IN MACLEOD

They may be able to talk of summer pastimes and games being enjoyed in California, Florida and other delightful winter resorts, but really they have nothing on Macleod. During the past week the tennis courts in Macleod have been in full use and it was no uncommon sight to see tennis players regaled in full summer attire enjoying a set of tennis under ideal climatic conditions. Golf enthusiasts

have also been busy and several good rounds of golf have been enjoyed on the Macleod links. Tennis and golf in February with summer weather prevailing speaks well for winters in Macleod.

Settlers for Irrigation Belt

News that considerable number of Dutch families for the Lethbridge Northern Irrigation district are likely to come out in the spring, is received from the colonization agents of the irrigation council now in Europe. The prospects for settlers for these irrigated lands, are reported to be bright by the agents now working on the other side of the Atlantic.

In this connection, the provincial government is much interested in the announcement from Ottawa of the appointment to the dominion reclamation service of Dr. Elwood Mead, an expert in colonization of irrigation lands, who is expected to give special attention to the settlement of irrigated lands in Alberta.

Orders continue to come in to the provincial seed grain marketing plant at Edmonton for Alberta registered seed. Several cars of this seed have been shipped out of the plant during the past week.

INJURES LEG AT BADMINTON

While playing badminton a few days ago T. B. Martin, lawyer of Macleod, seriously injured his leg. While reaching to take a difficult serve from his opponent Mr. Martin in some unaccountable manner kicked himself in the calf of his leg, necessitating his removal to his home.

The injured man was confined to his bed for a few days but with the exception of a slight limp, he is able to get about again.

FREAK ANIMAL IS TRAPPED

Ancient Bainer of the Belly River end of the Park, is puzzling his head over a freak animal he caught in a trap last week. This animal, although not quite so large as a lynx, has the tufted ears and head of the lynx, but of a different color, with a much longer and ring-marked tail of the bobcat. He, however, classes it as a predatory animal, so, of course, is pleased at his catch, tending as it does towards better game protection.

LUNCH COUNTER CARS ON NATIONAL

LUNCH counter cars which will care for the needs of passengers in the colonist, first class and tourist cars of the main line trains, if they desire to dine on the train, are to be operated by the Canadian National Railways for the convenience of the travelling public, and particularly of immigrants arriving in Canada. As an experiment, lunch counter cars have been placed in service between Winnipeg and Toronto. While these trains carry dining cars and while the Canadian National Railways also have lunch counters and restaurants at all divisional points, it is considered that the lunch counter car will be a great benefit to women travelling with children and to others who may be physically unfit or unable to leave the train at stations because of severe weather, or for other reasons.

The lunch counter has been fitted up at one end of a steel colonist car, where the best grade of tea and coffee freshly made will be served. Light meals comprising cereals, sandwiches, pies, preserved fruits and other canned goods will be available at Canadian National standard lunch counter prices. A competent and courteous attendant will be in charge of each lunch counter and service may be secured at any time during the day.

The suggestion of the lunch counter cars was made by Mr. Walter Pratt, General Manager of Dining, Sleeping and Parlor Cars and of Hotels, who has been anxious to provide this facility to further improve travelling conditions and add to the comforts of passengers on the Canadian National Railways.

HANGMAN'S ROPE IS CUT BY LABOR IN ENGLAND

An indication of the attitude of the

SHE WOLF TWICE TRAPPED

Warden A. L. Allison, Waterton,
had a most unusual experience here
this week with a large female timber
wolf. This warden, when on a line
trip over his traps on Stoney Creek
Ridge some two weeks ago, found
evidence of the visit of a large wolf,
his animal having been caught in one
of the steel traps. After con-
siderable struggling, apparently it
managed by sheer strength to break
the chain, freeing itself but not of
the trap, which still remained clamped
to its leg and with this it made off.
This he could plainly see from the
signs, so he spent hours endeavoring
to locate the animal but without
success.

On Friday last, while again on a
line trip, he was surprised and pleased
to discover a large female wolf
securely fastened in one of his sets,
and still greater his surprise to dis-
cover the same wolf with the missing
trap firmly snapped on its leg. The
wolf had dragged this around with
it for two weeks.

To trap a wolf at all is a very
difficult matter and requires great
skill and patience, but to lure the
same one into a trap the second time
is very unusual and speaks well for
the ability of this Ranger as a trap-
per. During the past month he has
caught no less than seven coyotes in
addition to this female wolf, an ex-
cellent showing and very pleasing to
the Parks Department in their con-
stant efforts to combat the increase
of these animals in their parks, thus
ensuring greater safety for the deer,
sheep and other protected animals in
the game sanctuaries, to whose ex-
istence, the wolves and coyotes are a
real menace.

MEETING OF NEW SCHOOL
BOARD

The first meeting of the Macleod
School board was held at the Public
School on Tuesday evening last.

W. A. Day was elected Chairman of
the Board for the ensuing year, also
the different committees were ap-
pointed to act during 1934.

Those in attendance were W. A.
Day; D. J. Grier, O. Farnett, J. W.
McDonald and Rev. Armstrong.

C. P. R. SUPT. VISITS MACLEOD

Supt Jamieson of C.P.R. Lethbridge
Division was in Macleod on Wednes-
day on an informal visit. While in
town Mr. Jamieson was introduced to
Mayor McDonald, President Farnett
of the Board of Trade and other
leading citizens. The Superintendent
who is an oldtimer of this dis-

trict and an early member of the
North West Police expressed himself
as surprised and pleased at the
growth of Macleod since his former
visit several years ago and also spoke
very highly of the splendid wheat
crops that had been harvested around
Macleod.

Supt. Jamieson was accompanied
on his visit by Trainmaster Panther.

REV. S. W. DEAN, OF TORONTO,
VISITS MACLEOD AND DELIV-
ERS STIRRING ADDRESSES IN
THE METHODIST CHURCH.

There was a good attendance at
both services in the Methodist Church
last Sunday. Rev. S. W. Dean
Secretary of the Finance Department
preached at the morning services on
"The Value of the Church to the Com-
munity" and in the evening on "The
Stewardship of Personality." He is a
clear and impressive speaker and
possessed of a most likeable person-
ality.

On Monday evening he addressed a
Public meeting in the Church. In his
opening remarks he expressed the
urgent need of Ontario for Alberta
Coal and the advisability of keeping
Canadian money within our own com-
monwealth. The main portion of his
address was taken up with a descrip-
tion of the Church of the future. In
his judgment it will be expanding
and progressive as it has been in the
past. He pointed out that there is an in-
creasing interest in the work that the
Church is doing and a corresponding
improvement in moral standards. At
the beginning of the Nineteenth
Century a clergyman was known to
sell the mother of a family as a slave
and to donate the proceeds to the
improvements of the Church building.
At that time human life was lightly
regarded. The abolition of slavery
the keen interest taken in temperance
reform give evidence that the prin-
ciples of Jesus Christ are winning
increased acceptance in the world.

Speaking of the immediate question
of Organic Union he clearly showed
that to turn back from the course
that these three denominations have
been steadily pursuing would involve
endless confusion and discord. Dealing
with the contention of the Anti-
Unionists that the Moderation of the
Presbyterian Church has not powers
to present a petition asking for
further union he pointed out that
ample precedent for such a proceed-
ure has occurred in the previous
unions which had been consummated.

With reference to the attitude of
the Roman Catholic section of Parliament
on this question, Dr. Chown had been
assured that the only concern of these
members would be in the question.
Does a majority in these Churches
desire Union and have the steps taken
to secure Union been in harmony
with the Constitutional requirements
of the Churches involved?

Up to the time of his leaving
Toronto no further steps had been
taken in connection with the issuing
of an injunction restraining the lead-
ers of the Presbyterian Church in
their present course. As the matter
now stands it is only a question of
which legislature will be the first to
grant the desired legislation.

ANOTHER BOOST FOR MACLEOD

"Yes, we have no bananas," but say
Boy you should see the wheat we
produce around Macleod.

G. P. Marmonney of Vernon B. C.
was so impressed with the wonderful
crop of 15,000 bushels harvested by
D. Gillen on his farm south of Mac-
leod, that he bought Mr. Gillen out
and will take possession of the farm
on April 1st.

The new owner has been fruit
farming in B. C. but has come to the
conclusion that wheat growing in the
Macleod district is more profitable.
Not only did the Gillen place pro-
duce these wonderful crops, as Jack
McLennan, farming at Standoff
harvested around 11,000 bushels.

Thanks, Macleod is alright, we lead
others follow.

Why Ford Predominates

Ford Resources

The Ford is the product of a
self-made institution which, over
a period of years, has provided
dependable transportation for all
peoples.
Recognizing the value of Ford
transportation, these peoples have
purchased Ford products in such
volume that the sale of Ford cars
and trucks equals the sales of all
other makes combined.
As a result, the resources of Ford
of Canada are now over \$20,-
000,000. These resources mean

ability to buy the best material
at a minimum price.
They mean the ability to organ-
ize each process of production,
from the purchase of materials to
the completion of the finished car,
on such a basis that every non-
essential operation is eliminated.
The economies thus accomplished
are reflected in Ford prices
which, always consistently low,
are now the lowest in history.
This is what Ford resources
mean to you.

WE HAVE JUST FINISHED STOCK-TAKING—But to tell you the truth the financial results were not up to our expectations. The Xmas trade was meek and mild—customers bought presents because they had to. Money was too scarce. Useful articles were more in demand — the pocket book did not bulge out with cash seeking an investment in gifts that they would like, but could not afford. Collections have been slow. Goods do not seem to be much cheaper. Farmers did not get the prices for wheat and other commodities that would leave a big margin after expenses had been deducted. Wages and threshing was high; what they made in the past year had to be applied to the arrears of the four bad previous years.

OUR DRY GOODS BUSINESS will endeavor to get a share of what is left after the necessary expenses of the Xmas and New Year's purchases. All Fall and Winter goods will be sold in many instances at COST.

WE HAVE ONE SPECIAL LINE IN CHILD'S & MISSES' BLOOMERS AND WOOL DRAWERS in black and white AT LESS THAN COST.

We pay a good deal of attention to our Window Display, as we ticket all articles displayed.

TOWN OF MACLEOD MUNICIPAL UTILITIES

The New Ford Coupe

An entirely new body design of remarkable beauty as well as practical utility, is the distinguishing feature of the new Ford Coupe.

The body lines follow in one graceful sweep from the new high radiator to the "Turtle-back" curve of the rear deck, which has been enlarged to conveniently accommodate bulky grips and packages.

Upholstering is luxuriously deep both in the seat and back, the covering being of rich brown broadcloth with mahogany stripe. A recess shelf is provided behind the seat, for parcels.

Interior fittings include revolving window regulators, and door locks and handles finished in nickel. The large rear window is fitted with silk poplin shade in dull silvered mountings.

The windshield is surmounted by a broad sun-visor, which protects the eyes from glare.

As a handsome and practical all-weather car for town or country, the new Ford Coupe cannot be surpassed.
